

Arts & Crafts Homes celebrates the revival of this time-honored style, and covers it more broadly than competing magazines. **Arts & Crafts Homes** provides expert advice and highlights all aspects of the home, from kitchen and bathrooms to carpet, fine furniture and pottery, to millwork, roofing, doors and windows, plumbing, floors, hardware and lighting. In every issue: how-to articles, collecting, new construction, gardens and landscape, architectural style, restoration and decorated interiors.

This year we've added a special resource guide issue to help Arts & Crafts aficionados find the products that will help them build, renovate and decorate their Arts & Crafts home.

Revival Market's advertising section features products supported by editorial coverage, and is also delivered to opt-in e-subscribers.
