

KITCHEN & BATH DESIGN CLASSICS

2012 EDITORIAL & ADVERTISING CALENDAR

Rooms so beautiful and unique, they'll garner general interest—yet this is also the only special-interest Kitchen & Bath publication to target period-influenced, classical, and traditional design. Kitchen & Bath DESIGN CLASSICS delivers a message to homeowners and designers interested in renovation, and in period-inspired new construction. We offer beautifully photographed tours of kitchens and bathrooms, along with design guidance and such service articles as The Right Sink, Today's Tile, Countertop Options, and Cabinet Style ...plus coverage of floors, lighting, and hardware.

Readers see kitchens and baths in early homes and Victorians, bungalows and ranches. Illustrated source pages include contact information and web addresses. Advertising pages and a Marketplace section allow you to customize your message. This is truly a useful product and a keeper that readers reference for months.
