- Highlighted listing at beginning of directory

The screenshot displays the LogHome.com website interface. At the top, there is a navigation bar with the site logo, search options, and links for 'Log Homes', 'Log Home Living Shop', and 'Log Home Design Companies'. A prominent banner asks 'Looking for floor plans?' with a 'HERITAGE' logo. Below this is a menu with categories like 'FREE INFO', 'FLOOR PLANS', 'COMPANIES', 'MARKETPLACE', 'SHOWS/EVENTS', and 'LOG HOMES 101'. The main content area features a search section titled 'Find a Log Home Builder or Dealer in our Directory of Log Home Builders'. It includes a search box for 'Search by Builder/Dealer Name' and a dropdown menu for 'Search by State' with options for United States, Alabama, Alaska, and Arizona. Below the search section are links for 'SEND TO A FRIEND', 'PRINT THIS PAGE', and 'Page 1 of 22'. Three builder listings are visible: 'Expedition Log Homes LLC', '4-L Log Homes, LLC' (with a logo for 'HONEST ABE LOG HOMES INDEPENDENT DEALER'), and 'A & A Custom Homes Inc'. To the right of the search results is an advertisement for 'Energy Envelope System' by KATAHDIN CEDAR LOG HOMES, featuring a diagram of a log wall cross-section with labels for 'FIRST ROOF BOARD', 'RAFTER PURLIN', '1/2" AIRSPACE', '1/2" OSB SHEATHING', '1 1/2" FIBER FIBER INSULATION', and 'MILL LOG'. The ad includes the text 'Introducing the industry's most energy efficient log wall...' and 'Click here to learn more about the R-23 Energy Envelope System™'.
