

The nation's only magazine dedicated solely to timber-frame homes and the people who are passionate about them. It showcases the beauty and efficiency of these highly energy-efficient and handsome homes to an eager, custom-home buying audience with inspiring photography and authoritative editorial.

MARCH-APRIL

SMALL HOMES THAT LIVE LARGE

The beauty of a timber home is that it can be small and cozy, but because of the open construction it will feel much larger than it is. Many consumers are asking for smaller homes, so we showcase the best ones in North America.
